Victims of Sri Lankan Government's Genocidal War - 20,000 Identities/Cases confirmed

Since September 2008, Sri Lankan Government banned access for all the Independent monitors, Humanitarian Workers including UN and the media to the combat zone (Vanni) and systematically isolated the combat zone (Vanni) from the outside world and waged a genocidal war without any witness.

The Times, UK on 30th May 2009 accused Ban Ki-Moon's Chief of Staff Vijay Nambiar for downplaying the Sri Lankan death toll. Sir John Holmes, United Nations, Under-Secretary-General for Humanitarian Affairs and Emergency Relief Coordinator, on 30th May 2009, in an interview to Reuters told that, "World may never know Sri Lankan death toll".

Yes, the world may never know Sri Lankan death toll of its more than half a century old genocide, if world's top Human Rights defenders lack integrity, will and courage. But the world will know the truth till a single human soul exists in this planet, which believes in justice.

This "War Without Witness" report is based on firsthand information obtained from Government Hospital authorities, Government Officials, Police and Judiciary sources in Vanni and Sri Lanka, The North East Secretariat of Human Rights, Aid workers, Human Rights Activists in Sri Lanka working for leading INGO & NGOs (including UN and ICRC) and primary data gathering exercise amongst exiled Tamil Diaspora (photos and details of some of those Victims).

- Identities/cases (Photo , Full Name , Date of Birth/Age, Home Town/Native Place) of **more than 300** innocent Tamil civilians who have been killed by Sri Lankan Armed Forces in 2009 has been documented in this report.
- Identities/cases (Full Name, Age, Sex , Hospital admitted at) of **more than 19,700** innocent Tamil civilians who have been killed or injured by Sri Lankan Armed Forces in 2009 has been documented in this report. (Annex 01 and Annex 02).
- More than 95% of this 20,000, confirmed identities of Victims killed or injured by Sri Lanka Armed Forces **occurred in first three months from January to March 2009 and doesn't include the final stages of the battle described by UN as 'bloodbath on beaches' in April and May 2009.**
- By end of April and till 20th May death toll estimated by various Human Rights Organisations (Including UN Local staff) are around 1000 a day.
- More than 430 Tamil Civilians have died after fleeing the war-zone in UN funded detention camps & hospitals, due to Injury, Starvation (lack of food and medicine) and diarrhea. (Annex 03)
- A Case documented by War Without Witness confirms the Genocidal War by Sri Lankan Government where victims are from 4 Generations of a single family and now no one from that family exists to tell their story or seek justice (Annex 04).

"War Without Witness" will continue to update this report and if you have any evidences, photos & details please email them to WitnessDesk@WarWithoutWitness.com

Annex 02

Innocent Tamil Civilians injured by Sri Lankan Armed Forces and admitted at Trincomalee & Mannar Hospital

Since 10th February 2009 the ICRC has transported thousands of injured tamil civilians and their relatives from so called “safety-zone” for medical treatment in more than 30 shipments.

A full list of the first 10 shipments (upto 14th March 2009) who has been directly admitted to Trincomalee Hospital, has been made available to War Without Witness and it is provided below in this report.

(Not a Full List – Only 10 ships)

This report also contains list of patients admitted in Mannar Hospital.

The balance 20 ICRC ships arrived after 14th March 2009 has been first treated at a military hospital manned by Indian Doctors & Sri Lankan Military Intelligence Officials in Pulmoddai and the details are not available to Human Rights Activists. But in total only 9,666 Patients have been transferred from Pulmoddai Military Hospital to Trincomalee Hospital.
